### Index Criteria 3.2

3.2.1	<i>Institution has created an ecosystem for innovations, Indian Knowledge System (IKS), including awareness about IPR, establishment of IPR cell, Incubation centre and other initiatives for the creation and transfer of knowledge/technology and the outcomes of the same are evident</i>
-------	--

The Institute stands as a beacon on innovation, propelled by its visionary approach to Fostering creativity and entrepreneurship for dynamic landscape of education and research. In this regard, the Institute has created a good atmosphere and provides excellent infrastructure for research activities, which is evident from the consistent increase in the number of research publications, patents and projects. Innovation is the cornerstone of progress in any society, and institutions play a pivotal role in nurturing an environment conducive to innovation.

Recognizing the importance of protecting intellectual property, the institution has placed a strong emphasis on raising awareness about Intellectual Property Rights (IPR) within its community through workshops, seminars, and training sessions for students, faculty, and staff. Eminent personalities who have significantly contributed to research, social activities, and industry are invited as resource persons for various events in the Institute for overall development of the Institute's culture. The incubation centre provides aspiring entrepreneurs with the resources and guidance needed to translate their ideas into viable businesses. The Institute has established the Research Centre approved by Savitribai Phule Pune University, Pune. The Institute's organizes various events like Sharmanubhav Shibhir, Industry Samwad, Guest Lecture, Workshops, Webinar etc. to obtain great experience for achieving the knowledge for holistic development. The institution provides the following activities to build confidence for enhancement of the capacity and competencies to students and staff in research and innovation activities.

  
Director  
Dr. Moonje Institute,  
Nashik

Sr. No	Parameter	Description
01	DMI Research Centre	The Institute has established the Research Centre approved by SPPU (formerly University of Pune) for research scholars
02	DMI Research policy	A Research Policy is of paramount importance for institutions and organizations as it serves as a guiding framework for conducting research activities. It outlines the principles, standards, and procedures that govern research practices, ensuring integrity, ethical conduct, and compliance with regulatory requirements.
03	IPR Cell	It fosters a culture of innovation and creativity by providing support and guidance to inventors and creators, encouraging the generation of new intellectual property. Additionally, the IPR Cell facilitates strategic decision-making regarding licensing, technology transfer, and commercialization opportunities, enabling the organization to leverage its intellectual assets for revenue generation and sustainable growth.
04	Startup & Innovation Cell	Startup & Innovation Cell within an organization cannot be overstated in today's rapidly evolving business landscape. Such a cell serves as a catalyst for fostering entrepreneurship and driving innovation within the organization. By providing resources, support, and mentorship to budding entrepreneurs and innovators, it encourages creativity and risk-taking, leading to the development of new products, services, and processes
05	Consultancy Policy	It provides clarity on the scope of consultancy activities permissible, ensuring alignment with organizational goals and values. Additionally, a well-defined Consultancy Policy promotes transparency, accountability, and ethical conduct in consultancy engagements, safeguarding the organization's reputation and fostering trust among stakeholders.
05	Industry Samwad	Eminent personalities in various domain Interact with students, sharing their career experiences among Student & Staff
06	Statistical Package for the Social Sciences Software ( SPSS)	SPSS is vital for researchers and its versatile capabilities allow researchers to efficiently manage, analyze, and interpret data from diverse sources. SPSS provides a wide range of statistical procedures, from basic descriptive statistics to advanced analyses
07	Analysis of Moment Structures (AMOS)	It enables researchers to analyze complex relationships between observed and latent variables, providing insights into theoretical models and hypotheses. With its user-friendly interface and robust statistical capabilities
08	Library Emerald Data Base	Its comprehensive coverage and high-quality content provide researchers with reliable sources to support their investigations and scholarly endeavors. Utilizing the Emerald Database enhances the depth and breadth of research, enabling scholars to stay abreast of the latest developments and contribute meaningfully to their respective fields

**Director**  
Dr. Moonje Institute,

09	Adventure camp	To facilitate student personal growth and development, our aim is to foster an environment conducive to nurturing individual potential. We strive to promote teamwork, effective communication, collaboration skills, and self-confidence among our students. Additionally, our focus lies in cultivating problem-solving abilities and fostering risk management strategies, encouraging participants to approach challenges with creativity and adaptability.
10	ShramanubhavShibir	The ShramanubhavShibir holds immense importance as it empowers students to actively engage in addressing social problems in distant villages. This experiential learning initiative not only provides practical exposure to real-world challenges but also cultivates empathy, leadership, and problem-solving skills among participants. By immersing students in rural communities, the ShramanubhavShibir fosters understanding of social issues, promotes sustainable development, and encourages collaborative efforts towards positive change. Moreover, it instills a sense of social responsibility and civic duty in students, inspiring them to become catalysts for social transformation and advocates for marginalized communities.

## **CONSULTANCY POLICY**

Dr. Moonje Institute of Management & Computer Studies, Nashik believes that higher educational institutions have a role in the growth and development of the local community and thereby in the nation building process. Educational institutions play a vital role in strengthening institutions, industries and governmental organizations by dissemination of appropriate information, knowledge and technology possessed or developed by its staff.

Consultancy is an important channel through which knowledge and expertise could flow from institute to local businesses and other external agencies, and it can contribute to the growth, development and productive relationships with these components of society. Consultancy activity in Institute may be associated with contractual relationships, including research, service contracts etc. with government non-government organization in lieu of a fee.

Consultancy and professional activity is to help improve management systems in work organisations and thus acquire valuable insights in knowledge application and problems solving. These insights acquired by the faculty are the greatest asset for them to improve their class room engagements, designing new training programmes and publish research articles. The institute, therefore, encourages its faculty and staff to engage in consultancy wherever appropriate, and in a manner that is in conformity with their service agreement with the institute and without creating conflict of interest. In order to administer the consultancy practice and ensure equity, the following guidelines are prepared and published.

## Consultancy-Meaning and Scope

The objective of Consultancy Policy is to promote academic, industry and research interaction and to encourage and facilitate faculty to provide knowledge inputs sought by industry, government agencies or other academic /research organizations. Consultancy is well recognized as an effective way for educational institutions to disseminate knowledge and make an early and direct impact on society. However, the balance between consultancy and the traditional roles of the academic staff needs to be managed and the interests of the institute must be protected. This Policy provides provisions for conducting consultancy to ensure that consultancies undertaken by staff are consistent with the institute's strategic and operational objectives and the costs are sustainable.

The influence of higher educational capital on society is predominant and the availability of this capital is prerequisite for development. Over the years, globally there is an increased focus on this capital, which spurs innovation, invention, critical thinking and a source of knowledge base for the society. The higher educational institutions are the nurturers of this capital, the fame and recognition of these learning centers rests on its high-quality research, experiments, and other academic endeavors

### The Essential Features of Consultancy are:

- Consultancy is work of a professional nature,undertaken by the faculty members in their field of expertise,for clients outside the institution,for which some financial return is provided.
- There should be demonstrable benefit to the institute from the consultancy through income,en- hanced reputation,and/or expanding the expertise of the staff member.
- The Consultancy must not be in conflict with the institute policies including those governing employ- ment;such as the Code of Conduct Policy
- The Consultancy must not be in conflict with the functions, objectives or interests of the institute or damage the institute's reputation.
- Unlike research it does not have as a prime purpose the generation of new knowledge.
- Consultancy will produce some form of contracted output which may be partly or wholly owned by the client
- It tends to be governed by short-term contracts, makes minimal use of institute resources and involves extra work for existing faculty members rather than the employment of new staff.

### Consultation Activities:

- Following activities will fall under the consultancy
- Development of a product/part of product or services for any individual industry or organization external to the institute shall fall under consultancy where one or more staff works for such development for a pre agreed cost and period.
- Modification, augmentation or alteration of any product or process or services where one or more staff extend their active participation for such job.
- Any kind of professional advice given by one or more staff to external organization/firm/individual for a pre decided cost and time.
- Any research work undertaken by one or more staff for any external individual or organization to develop product or process or services.
- Conduct of any special courses, chairing/participation in organized activities, delivery expert advice/
- Discourse for a fee to any outside organization/individual.
- Any royalty of fees received for any Intellectual Property by a staff and any fees received from out- side.

### Exclusions:

- This policy does not apply to those activities,paid or unpaid,which are in furtherance of scholarship or general dissemination of knowledge,such as:
- Authorship of,or royalties from,the publication of books
- External examiner duties
- Study tours and conference presentations or participation
- Editorship of academic journals or the publication of academic articles
- Delivered special lectures, Participation in University councils, Institute and Public Service Commis- sion Selection Committees and membership of Board of Directors of Companies are not included in consultancy services.

### Approval of Consultancy Activity:

Institute may receive Consultancy Projects in three ways

1. An individual faculty, through his stature, contacts and connection gets assignments from outside clients.
2. The Department collectively promote themselves and get offers of Training, workshops from Government or other outside agencies.
3. External agencies approach the institute with specific consultancy proposal. The approval process is different for different situations.

### Code of Conducts:-

- The conduct of the employee during the consultancy work must conform to the honour and reputation of the institute. The institute will be entitled to take disciplinary action against its employee for any misconduct during the consultancy.
- Staff should not enter into any contractual arrangements or agreements themselves. This is a requirement of these procedures and is in the professional interests of the member of staff. All Consultancies related agreements or contracts will be between the Institute and the client. The standard Consultancy Services Agreements supplied by Research & Consultancy Cell should be used in all practicable circumstances where possible. The
- Institute can be represented by the Director or any other person authorised by the Director can only sign such agreements.
- Original copies of all documents related to all consultancy services undertaken by its employee must be in possession of the institute for allowing appropriate processing for financial accounting and audit purposes.
- The clients receiving consultancy services would not be entitled to use the Institute name, logo etc. in any form without prior permission of the Director.
- Engagement in consultancies must not create any perceived or actual conflict of interest. Conflict of interest, if any, must be immediately reported to the Director.

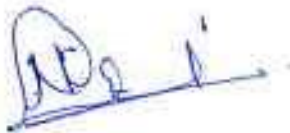

## DISCLAIMERS

It is the responsibility of each member of staff to familiarise themselves with the Consultancy Policy and Procedures and ensure they comply with its processes and procedures. It is the responsibility of each Consultant to ensure that the Institute should be properly acknowledged in publications produced out of the results of the Institutional Consultancy and also that a copy of the published work should be submitted to the Institute. Any disputes arising between the institute and clients shall be filed in and settled exclusively by the Courts in Nashik

## DISPUTE REDRESSAL AND RESOLUTION

All cases of lack of clarity on any issue, or any ambiguity, or subjectivity in interpretation, must be reported to the Director, whose decision will be final and binding. The Director may, at any point of time, call for amendment or revision of this policy document as deemed appropriate. Any violation of the above policy shall be dealt with as per Institute rules

Activity Report Name

Activity Name: Shrmanubhav Shibir 2022, Guhi, Surgana, Nashik

Name of the Resource Person /Organization: Janjati Kalyan Ashram, Nashik

**Introduction:** Every year participation of the students is increasing in connection with the social responsibility role by constructing earthen dams in forested areas. This village is close to the border between Maharashtra and Gujarat. This year the students dealt with tree plantation & conservation. At the same time there was student interaction with Guhi Ashram Shala students of Janjati Kalyan Ashram.

**Date of Activity:** 23rd & 24th July, 2022

**Activity Coordinators Names:** Prof. Sanjay Salve

**Aim/Objectives of the course:** Shrmanubhav Shibir is a step towards betterment of Vanvasi villages water harvesting and water liter-acy is a majorly discussed issue these days.

**Beneficiary to:** Tribal Villages Especially Farmer and student community

**Total Participants:** 75 Students and 5 Staff Members

**Impacts /Outcomes of Activity:** We are, therefore, taking the liberty of presenting an alternative policy, which has as its thrust the genuine involvement of communities and people in the manage- ment of water resources. government. Such initiatives will help maintain the groundwater level.

**Resources:** Tree Plantation, Teaching Aids for School Children, Human Resource (Student Team, Karyakarta Team),

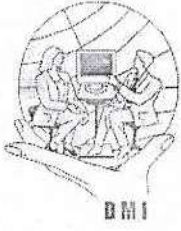

**Problems Identified:** The population is migrating for employment during dry season as there is no water available during rabbi season. In remote tribal areas rainfall is still an issue of low water base in summer and sometimes to get drinking water becomes itself question mark. Since farming based on rain water is not enough. This water problem creates large-scale migration.

सेंट्रल हिंदू मिलिटरी एज्युकेशन सोसायटी

नाशिक विभाग

विषय: रगतविहीर गुही, सुरगाणा, नाशिक येथील निवासी श्रमानुभव शिबीर २०२२ साठी बस मिळणेबाबत

महोदय,

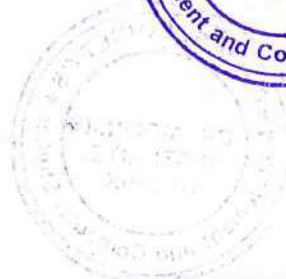

सेंट्रल हिंदू मिलिटरी एज्युकेशन सोसायटीचे डॉ. मुंजे इन्स्टीट्यूट ऑफ मॅनेजमेंट एंड कंप्यूटर स्टडीज, नाशिक आपल्या विद्यार्थ्यांसाठी श्रमानुभव शिबीराचे आयोजन रगतविहीर गुही, सुरगाणा, नाशिक येथे २३, २४ जुलै २०२२ रोजी करणार आहे. या शिबिरामध्ये साधारण १२० विद्यार्थ्यांचा सहभाग असणार आहे. यात प्रत्यक्ष माती बंधाऱ्याच्या कामासह गावाचे सर्वेक्षण करण्यात येणार आहे. गेल्या १० वर्षांपासून सातत्याने हा उपक्रम आम्ही आदिवासी भागात तेथील विकासाच्या दृष्टीकोनातून करत आहोत.

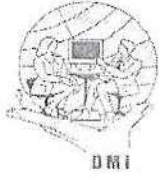

रगतविहीर गुही, सुरगाणा, नाशिक हे साधारण नाशिकपासून १४० किमी अंतरावर आहे. एकूण अंतर हे २८० किमीच्या आसपास होईल. विद्यार्थी संख्येचा विचार करता ३ बसची आवश्यकता भासणार आहे. संख्या कमी झाल्यास किमान २ बसची आवश्यकता आहे.

तरीही रगतविहीर गुही, सुरगाणा, नाशिक येथील श्रमानुभव 'शिबीर २०२२' साठी शैक्षणिक सहल सवलतीसह बस मिळावी ही नम्र विनंती.

प्रत:

## Report of Shramanubhav Shibir 2022

CHMES Dr. Moonje Institute's MBA & MCA Students Shramanubhav Shibir July 23rd and 24th 2022 Guhi Taluka Surgana District, Nashik

CHMES Dr. Moonje Institute's MBA Students Shramanubhav Shibir was held this year at village Guhi Taluka Surgana District, Nashik on July 22nd and 23rd. In continuation of The tradition of Shramanbhuv camp which was started in the year 2013. Dr. Moonje Institute has continued for the past few 10 years.

Every year participation of the students is increasing in connection with the social responsibility role by constructing earthen dams in forested areas. This village is close to the border between Maharashtra and Gujarat. This year the students dealt with tree plantation & conservation. At the same time there was student interaction with Guhi Ashram Shala students of Janjati Kalyan Ashram. The purpose of this activity is to protect natural resources and to protect its further erosion. Total 80 Students and 5 Staff members of Dr Moonje Institute participated in shibir. The experiment was conducted to protect the village's biodiversity wealth for the foreseeable future.

While working for the purpose of creating a future for villagers living in the forest areas. This work was annexed by Shramanubhav Shibir of MBA students. For the last ten years Kalampada, Lavali, Sadarpada, Ranvihir, Kelvihir, Ragtavahir, Zari in Peth taluka have constructed small soil dams from the camp.

One of the highlights of this year's camp is interaction with School students from Ashram Shala and Group discussion of students. This year's Shramanubhav Shibir led by Shubhada Veer, Akshaya Manakr, Akash Gaware, Sonali Laharel, Yash Karwal, Prafulla Patil, Samiksha Suruvanshi, Roshani Choudhari., Ravindra Adhav, Santosh Korde. These students were guided by teachers and non-teaching staff Prof. Sanjay Salve, Dr. Niraj Chaudhari, Prof. Ankush Pingale, Prof. Hema Darne, Sukhada Bhalerao & Swapnil Doke. About the success of the student Shramanubhav Shibir Chairman Dr. Ajit Bhandakkar and Director Dr. Preeti Kulkarni congratulated the students.

The inauguration, forestry, exercise, think-tank session took place at the camp. Ajit Gavit of the Vanvasi Kalyan Ashram gave a detailed introduction to the project.

### Student's feedback

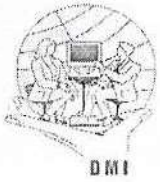

#### Akshaya Mankar

The Shramanubhav Shibir was an unforgettable experience. It gives news insight while interacting with girls students. It is a pleasure to see that the activists of Kalyan Ashram are reaching out for rural development and community service.

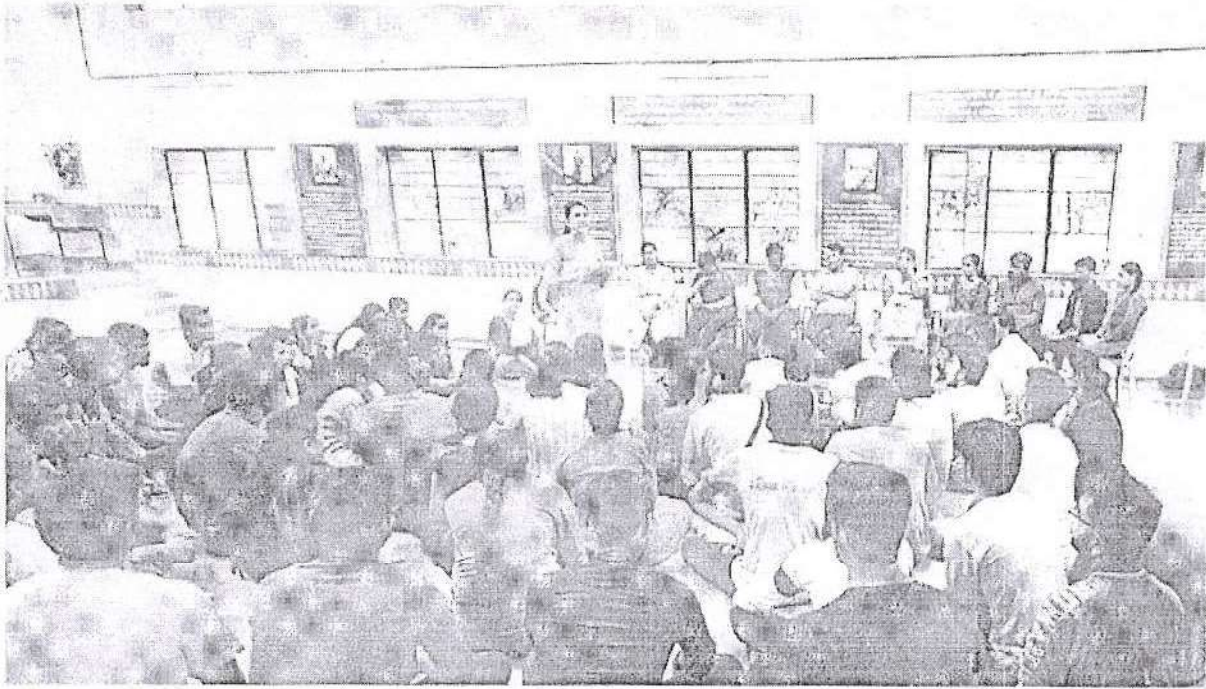

#### Sonali Lahare

My first time was in Shramanubhav Shibir. The concept of Shramanubhav Shibir was only heard till date. It was a real experience in these two days. Going to a tribal village and experiencing the culture and lifestyle of those people. Overall the experience was great. It was also a pleasure to do something new.

**Report of Shramanubhav Shibir 2020**  
**CHMES Dr. Moonje Institute's MBA & MCA Students Shramanubhav Shibir**  
**21st & 22nd Feb 2020 Koswan Village, Kalwan Taluka, Nashik**

CHMES Dr. Moonje Institute's MBA Students Shramanubhav Shibir was held this year at village Kosavan Taluka Kalvan District, Nashik on February 21st and 22nd. In continuation of The tradition of Shramanbhuv camp which was started in the year 2013. Dr. Moonje Institute has continued for the past few 8 years.

Every year participation of the students is increasing in connection with the social responsibility role by constructing earthen dams in forested areas. This village is close to the border between Maharashtra and Gujarat. This year the students dealt with the topic of forest tagging & conservation. The experiment was conducted to protect the village's biodiversity wealth for the foreseeable future. In this area, a total of 230 Mahua & Koshimb trees which are source of livelihood of villagers were registered in one area of the forest. The purpose of this activity is to keep a record of natural resources and to protect its further erosion. Total 30 Students and 5 Staff members of Dr Moonje Institute participated in shibir.

While working for the purpose of creating a future for villagers living in the forest areas. This work was annexed by Shramanubhav Shibir of MBA students. For the last eight years Kalampada, Lavali, Sadarpada, Ranvahir, Kelvahir, Ragtavahir, Zari in Peth taluka have constructed small soil dams from the camp.

One of the highlights of this year's camp is February 21st and 22nd. For many students, living in the countryside was the first experience for many. Dinner was arranged in the house on the first day. One or two people in each house in the village. The residents welcomed the students with a big hospitality. A large number of students chatted with more than fifteen families in the village, including rice bread, onion vegetable, vegetable meal. From this, students got to know the wildlife. After dinner, the villagers gathered in the village where the villagers performed their traditional song.

The inauguration, forestry, exercise, think-tank session took place at the camp. Ajit Gavit of the Vanvasi Kalyan Ashram gave a detailed introduction to the project. With the help of students and villagers, Resident Welfare Ashram activist Mr Popat Gangurde, Mr. Suhas Deshmukh, Mr Kishore Suryavanshi, Mr. Mahale sir were also present.

This year's Shramanubhav Shibir led by Prajakta Meher, Vinayak Pawar, Bhavan Patil, Preeti Poddar, Prashant Deshmukh, Sunny Dhware, Divij Dhangar, Ketan Fulzele, Priyanka Joshi, Tejas Dave. These students were guided by teachers and non-teaching staff Prof. Sanjay Salve, Prof. Satej Kulkule, Prof.

This camp experiences many things. How to manage time, how to manage work, your team and how to manage yourself. The people in the village are very humble and supportive. Thanks for giving me the opportunity to be in the village.

**Rohit Ahire**

Under this initiative we truly understood the difference between nature and human beings. We can try to create jobs for the people living in these areas by implementing new initiatives for the people. The technology of modern farm machinery can help to reach the people there. In this program, we got to see the thoughts and feelings of the people of the tribal areas of the population and their feelings of compassion and affection.

**Priyanka Joshi**

I had never been to a village before, so I was unfamiliar with the atmosphere and how it was there. But because of the Shramanubhav Shibir I was able to get a different experience. This camp brought a lot of new things to learn and new people to meet. This unique experience will always be remembered.

**Tejas Dive**

We worked very well with the team. Loved the kirtan of the night. We got to see their culture. The overall experience was very good and great.

### Report of Shramanubhav Shibir Zari 2018-19

Name of the activity	Location	Year of the activity	No. of teachers participated	No. of students participated
Shramanubhav	Zari	9-10 March,19	3	45

**Introduction:** Shramanubhav Shibir is one of the distinctive characteristic programs at our institution, in collaboration with Volunteer Organisation Vanvasi Kalyan Ashram. Shramanubhav Shibir provides solutions by storing rainwater above the ground in natural through check dams and also constructing artificial reservoirs, cement dam. There is an acute shortage of even drinking water during the summer in a majority of tribal villages of Peth Taluka Nashik District.

**Process:** We have formed a team to understand the community problems from Tribal Areas in Nashik District in our institution. Shramanubhav Shibir bring the students and community on the same platform to know the problem and to develop a design to address the problem, which fulfills the needs of the community.

**Support:** As part of our social contribution our students organizing Shibir of two day . During two day of Shibir our students construct a small check dam with the help Engineers Group of Vanvasi Kalyan Ashram, Villagers Officials and Employees of Forest Department, Government of Maharashtra. Students from a B-School are taking such efforts for the betterment of tribal people by working in unfavorable conditions .

**A Awareness Program:** The faculty and activists of Vanvasi Kalyan Ashram Engineering Group gives inputs to the students. Students promoted positive development in rural youth will be engaged in their communities and more likely to promote the well-being of other people.

**Implementation:** After this Awareness program, we had organized Shramanubhav Shibir at Zari, Peth Taluka with average 45 students, in this Shibir students interacted with community people and have identified some problems.

**Result:** Shramanubhav Shibir improving quality and carrying of ecosystems including, water in surface bodies, aquifers and soil profile and arresting degradation of natural resources. It's plays major important role in students life by connecting the formal classroom to real-life experience and use the community as context for learning.

## **Preamble**

In November 2016, All India Council of Technical Education (AICTE) released a Start-up Policy document for AICTE approved institutions, to address the need of inculcating innovation and entrepreneurial culture in higher education institutions (HEIs). The policy primarily focused on guiding the AICTE approved institutions in implementing Start-up Action Plan of Government of India.

The Government of Maharashtra also released the Maharashtra State Innovative Startup Policy 2018 with an aim to nurture innovation and entrepreneurship ecosystem in the State as it is imperative to nurture innovation and lateral thinking at college level. In February 2019, Ministry of Human Resource Development (MHRD) along with AICTE and MHRD's Innovation Cell (MIC), released the "National Innovation and Start-up Policy (NISIP) 2019" for students and faculty of HEIs.

Based on the above policies, Dr. Moonje Institute of Management & Computer Studies (DMIMCS) have framed the DMIMCS Innovation and Startup Policy to cater to innovation and entrepreneurial needs of its students, faculty and staff.

## **Vision**

The Institute Startup and Innovation Policy aims to cater the needs of Management Student entrepreneurs with innovative ideas of business as well as social importance and there by introducing a culture of entrepreneurship inside educational campus which will strengthen our educational environment and there by promoting the national economical and social development

## **Mission**

To develop an environment that can facilitate students and faculty members to innovate and prototype their potential ideas with business importance and support from the Government, industries and NGOs to help them and appreciate their caliber

## **Policy Statement**

To provide guidelines for creating a system for fostering innovation and entrepreneur mindset among Students and Faculty that promotes the Startups which benefits the society and nation.

## **Policy Objectives**

### **Short term Objectives**

- To help students to prototype their business ideas.
- To facilitate the innovation and creative thinking among students.
- To promote the innovative mindset among the faculty members.
- To Strengthen institute industry interaction
- To conduct Workshops, Experts Talks, FDP etc. for students & Faculty promote entrepreneurial culture.

### **Long Term Objectives**

- To provide a platform for students and faculty for developing innovative products with global recognition.
- To improve quality of research work among students and to attain patent that can be commercially viable.
- To generate revenues through the consultancy projects and student startups.

## Strategies and Governance

- a. Entrepreneurship promotion and development is one of the major dimensions of the Institute strategy. To facilitate development of an entrepreneurial ecosystem in the institute, specific objectives and associated performance indicators are defined for assessment.
- b. Implementation of entrepreneurial vision at the institute should be achieved through mission statements.
- c. The institute supports incubation infrastructure and facilities by resource mobilization.
- d. Institute raise funding through sponsorships and donations by actively engaging alumni network for promoting Innovation & Entrepreneurship (I&E).
- d. For accelerating the decision making, hierarchical barriers were minimized and individual autonomy and ownership of initiatives was promoted.
- e. Innovation and entrepreneurial program get promote at various institutional programs such as conferences, workshops, seminars etc.
- f. DMIMCS student and faculty startup policy formulated at institute level, which is in line with the NISP-2019 along with well-defined short-term and long-term objectives.
- g. The development of entrepreneurship is not limited within the boundaries of the institution as the institute also giving an opportunity for regional startups, provision to extend facilities for outsiders.
- h. Strategic international partnerships developed using bilateral and multilateral channels with international innovation clusters and other relevant organizations.

## **Startups Enabling Institutional Infrastructure**

Infrastructural support in terms of working space, institutional security and availability of computing facility.

Co-working Space: Well designed and furnished workspace Incubation sections are available for the Incubate.

The Incubation units are designed with plug and play facility with high speed wireless and wired connectivity.

Meeting and conference rooms are available for brainstorming and discussions.

Meeting rooms with audio and video conference facilities are available and can be booked online.

Auditorium facility of DMIMCS can be utilized by Start-up as per the availability.

Dedicated Innovation Cell with software for developing the prototyping is available.

A well-established library services are accessible with access to international journals and online database, Photocopier, office phones etc.

## **Nurturing Innovations and Startups**

DMIMCS facilitates the start-up activities/ technology development by allowing students and faculty to use institute infrastructure and facilities, as per the choice of the potential entrepreneur.

DMIMCS facilitates part-time entrepreneurship training.

DMIMCS facilitates Mentorship support on regular basis.

DMIMCS facilitates technology guidance, ideation, creativity, design thinking, development, R & D Support, fund raising, new venture planning, business development, product development, social entrepreneurship etc.

DMIMCS provide well-trained students will be made available as interns.

## **Norms for the Faculty and Students Startups**

### **For Faculty**

DMIMCS provides space, infrastructure, mentorship support etc. for the Startup Company owned by Faculty and staff.

If a faculty member is an Owner or Co-owner of such companies with the permission of the Institute and be a Director on the Board, he / she may also play an operational role with the approval of the Institute

In case the faculty member holds the executive or managerial position for more than six months in a startup company, they should be on sabbatical /leave without pay/ or utilize existing leave.

Other Faculty members may undertake projects from the company owned by a faculty member following the Institute norms of consultancy projects that prevails.

A Company owned or co-owned by a faculty member will normally be required to incubate at the Institute incubator.

### **For Students**

DMIMCS allow students to establish Startup or working part time for the startup already present with the Institute Incubator while studying / working as intern.

The Students may be allowed to earn credits for working on innovative prototypes/Business Models.

The Students may be allowed to opt for start-up in place of their mini project/ major project, seminars, summer trainings with the prior approval.

Students may be permitted to use the startup idea / prototype development as their major project work for the Institute academic requirements.

Institute may allow their students to take a semester/year break to work on their Startups and re-join the classes.

Students entrepreneurs are allow appearing for the examination, even if their attendance is less than the minimum permissible percentage by institute and as per the Regulations of the university.

## **Intellectual Property Rights Protection and licensing**

Intellectual Property Rights (IPR) denotes the specific legal rights of the inventors to hold and exercise Patents, Trademarks, Copyrights, Industrial Designs, etc. IPR aims to exclude third parties from exploiting the protected subject matter for a certain period of time (normally 20 years), without explicit authorization from the right holders. The IPR developed by the Institute / startup has to be protected and licensed as per the Institute norms.

The students and faculty members intending to initiate a start-up based on the technology developed or co-developed by them or the technology owned by the institute, will be allowed to take a license on the said technology on easy term, either in terms of equity in the venture and/or license fees and/or royalty to obviate the early stage financial burden. When institute facilities / funds are used substantially or when IPR is developed as a part of curriculum/academic activity, IPR is to be jointly owned by inventors and the institute.

### **Monitoring**

The implementation of the policy is the responsibility of Head of Institute and institute must provide support mechanisms and guidance for creating, managing and coordinating these relationships. Impact assessment of Institute's entrepreneurial initiatives should be performed regularly using evaluation parameters such as Number of Workshops, conferences conducted etc. The number of startups generated, the institutional level support system, participant satisfaction, and new business contacts formed by the institutes should all be tracked. The success of the policy should be measured in terms of the market's technological, social, and sustainable economic effects.

Sr. No.	Activity	Frequency
1	Idea Generation Workshop	Every Year
2	Workshop on Entrepreneurship Development	Bi-annual
3	Campus Hackathon	Every Year
4	Field/Exposure Visit to Village/Society	Every Month
5	Industry Visits	Every Month
6	Industry Samvad -Talk on Entrepreneur's Life	Every Week
7	Mentorship Session for Innovators	Every Month
8	Business Plan Contest	Bi-annual

## Review & Implementation Committee Members

This policy is as per the Ministry of Education (MHRD) National Innovation, Startup policy 2019 for students and faculty and Maharashtra State Innovative Startup Policy 2018. This policy is subject to the review every 3 years or as per the suggestions provided by the Government / Institute Startup and Innovation Cell.

(57) Abstract :

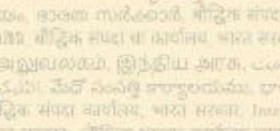

The present invention relates comparative study of an offline and online consumer buying behaviour with respect to some selected fmcg, electronics, apparels & shopping goods, travelling & entertainment services in nashik city. Online shopping provides a vast range of products and services offered at different price rates with discounted rates. the mechanism of offline & online shopping and the comparative behaviour of consumers is an essential issue for marketers who are competing in the rapidly expanding marketplace. Therefore, online marketers can influence the decision-making process of offline and online customers. By way of engaging traditional, physical marketing tools, but mainly by creating, offering and delivering good online experience, web experience: an amalgamation of virtual functionality, feelings, information, stimuli and products/services, expectation, positioning, in other words, a mixture and complex mix of controllable variables beyond the 4Ps of the traditional marketing mix.

## OBJECTIVE:-

This Cell is responsible for handling PIR activities of the college. It caters to the three major domains of the institute including Public Relations, Website and LinkedIn and Official Newspaper/Newsletter of the institute. The Cell manages the media relations of the institute and keeps the media updated with the happenings at the institute. This primarily involves covering various events of the college, writing press releases, taking photographs and ensuring that each and every event of the college gets its due media coverage. The Cell provides content for periodic updating of the college website. Also the official LinkedIn page of the college is managed by this cell.

## **Preamble**

In November 2016, All India Council of Technical Education (AICTE) released a Start-up Policy document for AICTE approved institutions, to address the need of inculcating innovation and entrepreneurial culture in higher education institutions (HEIs). The policy primarily focused on guiding the AICTE approved institutions in implementing Start-up Action Plan of Government of India.

The Government of Maharashtra also released the Maharashtra State Innovative Startup Policy 2018 with an aim to nurture innovation and entrepreneurship ecosystem in the State as it is imperative to nurture innovation and lateral thinking at college level. In February 2019, Ministry of Human Resource Development (MHRD) along with AICTE and MHRD's Innovation Cell (MIC), released the "National Innovation and Start-up Policy (NISIP) 2019" for students and faculty of HEIs.

Based on the above policies, Dr. Moonje Institute of Management & Computer Studies (DMIMCS) have framed the DMIMCS Innovation and Startup Policy to cater to innovation and entrepreneurial needs of its students, faculty and staff.

## **Vision**

The Institute Startup and Innovation Policy aims to cater the needs of Management Student entrepreneurs with innovative ideas of business as well as social importance and there by introducing a culture of entrepreneurship inside educational campus which will strengthen our educational environment and there by promoting the national economical and social development

## **Mission**

To develop an environment that can facilitate students and faculty members to innovate and prototype their potential ideas with business importance and support from the Government, industries and NGOs to help them and appreciate their caliber

## **Policy Statement**

To provide guidelines for creating a system for fostering innovation and entrepreneur mindset among Students and Faculty that promotes the Startups which benefits the society and nation.

## **Policy Objectives**

### **Short term Objectives**

- To help students to prototype their business ideas.
- To facilitate the innovation and creative thinking among students.
- To promote the innovative mindset among the faculty members.
- To Strengthen institute industry interaction
- To conduct Workshops, Experts Talks, FDP etc. for students & Faculty promote entrepreneurial culture.

### **Long Term Objectives**

- To provide a platform for students and faculty for developing innovative products with global recognition.
- To improve quality of research work among students and to attain patent that can be commercially viable.
- To generate revenues through the consultancy projects and student startups.

## Strategies and Governance

- a. Entrepreneurship promotion and development is one of the major dimensions of the Institute strategy. To facilitate development of an entrepreneurial ecosystem in the institute, specific objectives and associated performance indicators are defined for assessment.
- b. Implementation of entrepreneurial vision at the institute should be achieved through mission statements.
- c. The institute supports incubation infrastructure and facilities by resource mobilization.
- d. Institute raise funding through sponsorships and donations by actively engaging alumni network for promoting Innovation & Entrepreneurship (I&E).
- d. For accelerating the decision making, hierarchical barriers were minimized and individual autonomy and ownership of initiatives was promoted.
- e. Innovation and entrepreneurial program get promote at various institutional programs such as conferences, workshops, seminars etc.
- f. DMIMCS student and faculty startup policy formulated at institute level, which is in line with the NISP-2019 along with well-defined short-term and long-term objectives.
- g. The development of entrepreneurship is not limited within the boundaries of the institution as the institute also giving an opportunity for regional startups, provision to extend facilities for outsiders.
- h. Strategic international partnerships developed using bilateral and multilateral channels with international innovation clusters and other relevant organizations.

## **Startups Enabling Institutional Infrastructure**

Infrastructural support in terms of working space, institutional security and availability of computing facility.

Co-working Space: Well designed and furnished workspace Incubation sections are available for the Incubate.

The Incubation units are designed with plug and play facility with high speed wireless and wired connectivity.

Meeting and conference rooms are available for brainstorming and discussions.

Meeting rooms with audio and video conference facilities are available and can be booked online.

Auditorium facility of DMIMCS can be utilized by Start-up as per the availability.

Dedicated Innovation Cell with software for developing the prototyping is available.

A well-established library services are accessible with access to international journals and online database, Photocopier, office phones etc.

## **Nurturing Innovations and Startups**

DMIMCS facilitates the start-up activities/ technology development by allowing students and faculty to use institute infrastructure and facilities, as per the choice of the potential entrepreneur.

DMIMCS facilitates part-time entrepreneurship training.

DMIMCS facilitates Mentorship support on regular basis.

DMIMCS facilitates technology guidance, ideation, creativity, design thinking, development, R & D Support, fund raising, new venture planning, business development, product development, social entrepreneurship etc.

DMIMCS provide well-trained students will be made available as interns.

## **Norms for the Faculty and Students Startups**

### **For Faculty**

DMIMCS provides space, infrastructure, mentorship support etc. for the Startup Company owned by Faculty and staff.

If a faculty member is an Owner or Co-owner of such companies with the permission of the Institute and be a Director on the Board, he / she may also play an operational role with the approval of the Institute

In case the faculty member holds the executive or managerial position for more than six months in a startup company, they should be on sabbatical /leave without pay/ or utilize existing leave.

Other Faculty members may undertake projects from the company owned by a faculty member following the Institute norms of consultancy projects that prevails.

A Company owned or co-owned by a faculty member will normally be required to incubate at the Institute incubator.

### **For Students**

DMIMCS allow students to establish Startup or working part time for the startup already present with the Institute Incubator while studying / working as intern.

The Students may be allowed to earn credits for working on innovative prototypes/Business Models.

The Students may be allowed to opt for start-up in place of their mini project/ major project, seminars, summer trainings with the prior approval.

Students may be permitted to use the startup idea / prototype development as their major project work for the Institute academic requirements.

Institute may allow their students to take a semester/year break to work on their Startups and re-join the classes.

Students entrepreneurs are allow appearing for the examination, even if their attendance is less than the minimum permissible percentage by institute and as per the Regulations of the university.

## **Intellectual Property Rights Protection and licensing**

Intellectual Property Rights (IPR) denotes the specific legal rights of the inventors to hold and exercise Patents, Trademarks, Copyrights, Industrial Designs, etc. IPR aims to exclude third parties from exploiting the protected subject matter for a certain period of time (normally 20 years), without explicit authorization from the right holders. The IPR developed by the Institute / startup has to be protected and licensed as per the Institute norms.

The students and faculty members intending to initiate a start-up based on the technology developed or co-developed by them or the technology owned by the institute, will be allowed to take a license on the said technology on easy term, either in terms of equity in the venture and/or license fees and/or royalty to obviate the early stage financial burden. When institute facilities / funds are used substantially or when IPR is developed as a part of curriculum/academic activity, IPR is to be jointly owned by inventors and the institute.

### **Monitoring**

The implementation of the policy is the responsibility of Head of Institute and institute must provide support mechanisms and guidance for creating, managing and coordinating these relationships. Impact assessment of Institute's entrepreneurial initiatives should be performed regularly using evaluation parameters such as Number of Workshops, conferences conducted etc. The number of startups generated, the institutional level support system, participant satisfaction, and new business contacts formed by the institutes should all be tracked. The success of the policy should be measured in terms of the market's technological, social, and sustainable economic effects.

Sr. No.	Activity	Frequency
1	Idea Generation Workshop	Every Year
2	Workshop on Entrepreneurship Development	Bi-annual
3	Campus Hackathon	Every Year
4	Field/Exposure Visit to Village/Society	Every Month
5	Industry Visits	Every Month
6	Industry Samvad -Talk on Entrepreneur's Life	Every Week
7	Mentorship Session for Innovators	Every Month
8	Business Plan Contest	Bi-annual

## Review & Implementation Committee Members

This policy is as per the Ministry of Education (MHRD) National Innovation, Startup policy 2019 for students and faculty and Maharashtra State Innovative Startup Policy 2018. This policy is subject to the review every 3 years or as per the suggestions provided by the Government / Institute Startup and Innovation Cell.

17/01/2020

REPORT ON

"Self management & Career Counseling" Session

Organized in association with ISCKON

AT DR. MOONJE INSTITUTE on Thursday, 16th January 2020, 11 am onwards)

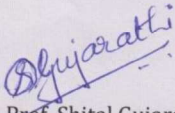

With a view towards holistic development of the students, a session on "**Self management & Career Counseling**" in association with ISCKON was organized at Dr. Moonje Institute. The esteemed speaker for the session was **H.G Krishna Dhan Das, Temple President, ISCKON, Nashik and author of the book "GET SET GO- Student's Success Handbook"**.

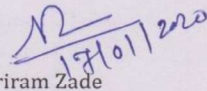

The programme started with greetings by the anchor Mr. Vivek Patil, student DMI. **Dr. Preeti Kulkarni, Director, DMIMCS** delivered the Welcome note & preamble for the session followed by brief introduction and felicitation the speaker. Later the session was handed over to the speaker **H.G Krishna Dhan Das**.

In his presentation he focused on 5 Life Apps viz. 1) Self Image, 2) Self Acceptance, 3) Self Growth, 4) Self Control & 5) Self Satisfaction. He advised the students to focus on physical, mental, social, academic & spiritual growth as a **Holistic Life Model**. He focused on contribution of spirituality and yoga in our development.

The programme was concluded with vote of thanks by **Dr. Shriram Zade, Deputy Director-DMIMCS**.

Total participation of Dr. Moonje Institute MBA & MCA students was 45.

### NOTICE

All MBA-I & MCA -I Students Dr Moonje Institute are informed that as a part  
Lecture series in Industry- Samvaad .A Guest lecture is organized on  
20/3/2021 at 1.15 Am onwards .

**Introduction:** Growfix was launched its first asset in December 2020. The asset had a pool of gold-backed loans where retail investors could invest in and get an 11 percent fixed interest rate. The company has seen a great response from investors with 50 percent of it subscribed in four weeks.

The startup is an alternate debt assets platform for retail investors to invest in high-interest rate, asset-backed fixed income products.

**GrowFix** has raised \$2 million seed funding led by **Zerodha's** fund - **Rainmatter Capital** with participation from **Better Capital**.

**Name of Resource Person:** Mr Ajinkya kulkarni

**Designation:** Founder Growfix

**Topic :** The Journey of Growfix

Kindly attend the Lecture which will be held in online mode on Google Meet.  
The Link will be shared 30 Minutes before lecture on WHATSAPP Group.

# Platforms To Build Your Online Reputation

The Key to Online Reputation Management: Listen To What People Are Saying About Your Brand

**Your online reputation is forever**

If someone writes something negative about you online, it can put you at a serious disadvantage over the long term—especially if you're not aware of it. You might never know why you didn't get that apartment you wanted, or why a job offer never materialized after that phenomenal interview.

Dear Madam,

**Today's Topic: "CAREER OPPORTUNITIES "**

**Today's Speaker: " Mr. Tushar Patwardhan , Owner of Tushar Udyog , Nashik.**

**Sir had discussed and focused on the following important points:**

1. Sir had discussed the opportunities available in the market and how we should prepare ourselves to get good opportunities.
2. Sir had also discussed the areas where students should focus before entering the market/job.
3. Sir suggested focusing on presentation skills, English communication, etc., what are the applications available in the market?
4. Students should be ready with a clear road map, they need to visit industries to get an idea about their working methods, and how the actual working is?
5. Students should have qualities like team management, time management, following commitments, etc.

**Session Coordinator:** Mrs. Shilpa S Mahajan & Mrs. Hema Darne

## **REPORT ON INDUSTRY SAMVAAD MASTERCLASS**

**Topic: "Career Guidance & Opportunities in Civil Services"**

**Expert Speakers:** Mr. Harshad Sadashiv Aaradhi- IRS (Joint Commissioner of Income Tax, Nasik.)

**Day & Date:** Saturday 18/6/2022

**Place:** Dr. Moonje Institute- Auditorium

**Mode:** Offline

**No. of Participants : 110**

**Activity Coordinators:**

- Dr. HarshadaAurangabadkar
- Prof. HemaDarne
- Mrs. ShilpaMahajan

**Aim/Objectives of the Activity:**

1. To know the career opportunities for the students in civil services.
2. To understand the areas, responsibilities, values of civil services.

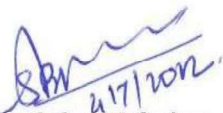

An Industry Samvaad Masterclass was held at the CHME Society's Dr. Moonje Institute of Management & Computer Studies, Nashik. The topic of discussion for the session was "Career Guidance & Opportunities in Civil Services". For this session expert speakers was, **Mr. Harshad Sadashiv Aaradhi - IRS Joint Commissioner of Income Tax, Nashik.**

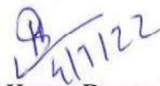

During his session, he explained his educational history and how he was doing academically. He advised students to revise before exams, even if they completed their studies earlier. During the talk, he advised students to make it a habit to stay up-to-date on their subjects. The speaker advised the students to maintain sincerity, to analyze themselves, to evaluate themselves, etc. In his speech, he shared some tips with the students on how to become a better person. Sir advised students to learn one new thing every day, so that they would learn 365 new things in a year.

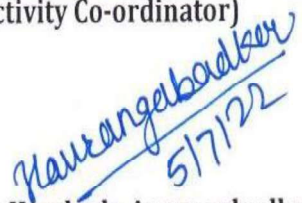

Sir gave the students some personality tips, such as dressing up and looking good. Moreover, he said that CVs should be enhanced so that the student's profile would be stronger. Goals should be crystal clear, and self-belief and hard work are essentials for achieving them. Be prepared with a 10-year plan for success and enjoy your life as you do all of these things. In addition, he discussed the UPSC exam and how to prepare for it. What formulas he has used to clear the UPSC exam and how to get success in it. He also shared the benefits of civil services, opportunities in it. Finally, he gave the students mantras like building a profile, managing time, and not trying to be a manager but a leader.

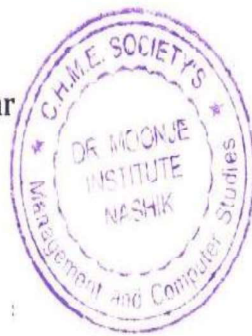

**Outcomes:**

1. Students were able to understand the opportunities in civil services.
2. Students were able to know the areas where we should work to get success in civil service examinations.

### **REPORT ON INDUSTRY SAMVAAD MASTERCLASS**

**Topic: "Entrepreneurship, Innovation & Choosing the right field"**

**Expert Speaker:** Hon. Mr. Narendra Goliya

Managing Director, Rishabh Instruments Pvt. Ltd.

**Day & Date:** Saturday 4/6/2022

**Place:** Dr. Moonje Institute - Auditorium

**Mode:** Offline

**No. of Participants :** 160

**Activity Coordinators:**

- Dr. Harshada Aurangabadkar
- Prof. Hema Darne
- Mrs. Shilpa Mahajan

**Aim/Objectives of the Activity:**

1. To develop entrepreneurial skills and knowledge
2. To study the principles of entrepreneurship and innovation

An Industry Samvaad Masterclass was held at the CHME Society's Dr. Moonje Institute of Management & Computer Studies in Nashik. The topic of discussion for the session was entrepreneurship, innovation, and choosing the appropriate field to work in. This session's expert speaker, Hon. Mr. Narendra Goliya, who is also the Managing Director of Rishabh Instruments Pvt. Ltd., will begin in a moment.

The speaker had gone through and concentrated on the students' questions regarding essential topics, such as what constitutes entrepreneurship and innovation. During his session, he highlights the technologies that went on to become well-known and are still in use today. Students were encouraged to pursue an idea they had as a career and get to work on turning it into a reality as soon as possible. He discusses some fresh and forward-thinking concepts with the students so that they can think about them. He advised them on how to pick the most appropriate career path. Everyone should conduct an evaluation of themselves first before deciding which path to choose. In addition to that, he takes the students along on his trip and discusses the pivotal moments in his life, as well as shared with them real-world examples. He stated that it does not matter what you do because you are just working for yourself, regardless of

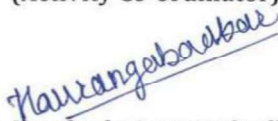

whether you own your own firm or are employed by another business. He discussed the various divisions that are present in any company, such as marketing, sales, accounts, etc., and how they function.

He encouraged the pupils to participate in activities that they were interested in and were proficient at. Students receive a "Never Give Up" message from him after he has given them a motivational speech.

Outcomes:

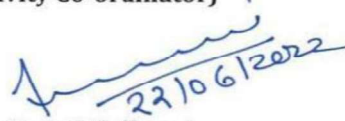

1. Students were able to understand the importance of each management function in entrepreneurship and innovation.
2. Students were able to know the significance of challenges to be undertaken, and developing the new skills and communication in the process

## REPORT ON INDUSTRY SAMVAAD MASTERCLASS

**Topic: "CAREER OPPORTUNITIES IN CLOUD TECHNOLOGIES WITH IMPROMPTU Q&A"**

Expert Speakers: **Mr. Shashank Todwal**  
Founder UMS Tech Labs, Google Cloud Partner, Nashik

**Day & Date:** Saturday 17/12/2022

**Place:** Dr. Moonje Institute-Meeting Hall

**Mode:** Offline

**No. of Participants :** 44

**Activity Coordinators:**

- Prof. Hema Darne
- Mrs. Shilpa Mahajan

**Aim/Objectives of the Activity:**

1. To know the career opportunities in cloud technologies.

An Industry Samvaad was held at the CHME Society's Dr. Moonje Institute of Management & Computer Studies in Nashik. The topic of discussion for the session was "Career Opportunities in Cloud Technologies with Impromptu Q&A". For this session expert speakers was, Mr. Shashank Todwal, Founder UMS Tech Labs, Google Cloud Partner, Nashik

In this session sir has discussed with the students about concept of "Cloud Computing" and the area where cloud computing is used now a days like Paytm, Amazon etc. He says that, instead of buying and maintaining computer products and services, you can pay to use a cloud computing services. It saves the time , effort, and cost. Sir said that data security on cloud is more than store on local servers. There are many more opportunities in cloud technologies in next ten years. Sir has discussed benefits of cloud computing like cost saving, security, mobility, quality control etc. IOT, AI , robotics cannot work without cloud computing. Sir also said that there is no need to learn all cloud. Sir has focused in brief about career areas in cloud computing.

**Outcomes:**

1. Students were able to understand career opportunities in cloud computing.
2. Students were able to understand how to use Google services and the courses available on Google cloud.

- Prof. Hema Darne
- Mrs. Shilpa Mahajan

**Aim/Objectives of the Activity:**

1. To create awareness among the students about entrepreneurship.
2. To know qualities and skills to become successful entrepreneur

An Industry Samvaad Masterclass was held at the CHME Society's Dr. Moonje Institute of Management & Computer Studies in Nashik. The topic of discussion for the session was "Meet First and Second Generation Entrepreneur". For this session expert speakers were, Mr. Anil Dhumal, who is the Managing Director of Dhumal Industries India Pvt. Ltd and Mr. Akshay Anil Dhumal, Executive Director, Dhumal Industries India Pvt. Ltd.

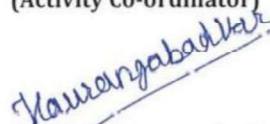

During the talk, the speakers discussed the steps they followed to become successful businessman. The speaker described the journey of his business from its beginning. During his session, he gave some suggestions to the students. He told them to think about vision & it should be big, that's the only way to succeed in life. Additionally, he explained that a good entrepreneur has to put in a lot of effort.

During Akshay sir's speech, he emphasized on the blend of academics and practical knowledge in the real world of business. He shared some valuable lessons with them during his sessions, such as the importance of building relationships with our customers and the level of trust that we need to sell our products. Learning from mistakes should be a part of everyone's journey. For any work to be successful, passion, interest, and satisfaction are key. If you are passionate, you will work hard. He said that reputation is also important to run a business. Speakers encouraged students to take calculated risks in their lives after their motivational speeches.

**Outcomes:**

1. Students were able to understand the steps require to start any business.
2. Students were able to know the challenges faced from shifting first to second-generation entrepreneurs. They understood the responsibilities, focused areas in the business to get good results.

## REPORT ON INDUSTRY SAMVAAD MASTERCLASS

**Topic: "Global Business Opportunities and Challenges"**

**Expert Speakers: Mr. Sumit Tiwari**  
**CEO of Timus Concepts Pvt. Ltd.**  
**Nashik**

**Day & Date: Saturday 9/7/2022**

**Place: Dr. Moonje Institute- Auditorium**

**Mode: Offline**

**No. of Participants : 98**

**Activity Coordinators:**

- Dr. Harshada Aurangabadkar
- Prof. Hema Darne
- Mrs. Shilpa Mahajan

**Aim/Objectives of the Activity:**

1. To know the challenges and opportunities in doing business globally

An Industry Samvaad was held at the CHME Society's Dr. Moonje Institute of Management & Computer Studies in Nashik. The topic of discussion for the session was "**Global Business Opportunities and Challenges**". For this session expert speakers was, Mr. Sumit Tiwari, **CEO of Timus Concepts Pvt. Ltd. Nashik**

In the session, Sir shared his journey and accomplishments so far with the students. During his presentation, Sir said that the students should cultivate their ideas and document them at their end. Start-ups provide much better learning opportunities than cubicles in large corporations, according to Sir. Sir advised all the students to be focused when starting an enterprise, and cultivate a business mindset. Additionally, Sir has discussed when a family business should be joined? What are the benefits of joining a family business? Sir has suggested students to take more internships to learn more and develop your skills. He shared a thought that, good people learn from their mistakes, great

people learn from others mistakes. Sir said that everyone should be clear what he/she want to become. We should make our character stronger.

Sir gave mantras to the students like "Start thinking differently, do not give up, keep trying".

**Outcomes:**

1. Students were able to understand the steps require to start any business.
2. During the session, students learned how visibility on social media is important for global business

## Research Policy in DMI

### • Objective of the policy

Any educational institute grows leaps and bounds if the real research and innovation takes place in it. It is being observed that our institution is necessitating the policy framework for the same. Being the inception stage we need to look at the policy as a frame work and should provide enough flexibility to it so it can serve its purpose of expediting the research culture at DMI.

Two basic realms the policy should serve independently and at times interdependently looking at the nature of the work undertaken.

#### 1) Students:

- Regular PG and UG Students,
- Research scholars

#### 2) Faculties:

- permanent approved faculties
- associated faculties
- visiting and contractual faculties
- in-house research guide
- associate guide within CHMES and outside CHMES

Dr. Moonje Institute (DMI) is persistent to promote research work by the faculty and the students. The institute is keen to establish the research culture fostering academic as well as applied research. Management has demonstrated this intent by establishing a Ph.D. Research Centre affiliated to S.P. Pune University. And we are interested in the research collaboration with various institutions and

The DMI Research Centre wants to encourage its students to explore intercollegiate research opportunities and publish original work in leading journals or present such work at state level- national level- international level conferences.

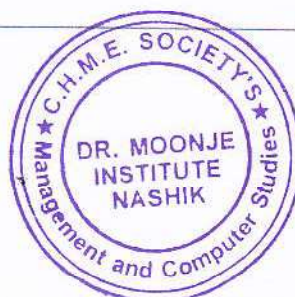

The DMI Research Centre will organize Academic Writing workshops for faculty as well as students to enable them augment their writing and analytical skills and also encourage for attending online courses for the same.

DMI plans to regularly depute its faculty as well as its bright students to attend various Workshops/Conferences and also provides necessary financial assistance to encourage them to actively participate in the institute's initiative of "Establishing Research Culture".

Research work jointly undertaken by students and Faculty will also be encouraged and used for the assessment of students as well as the faculty.

As an enabler for research, DMI will be providing required infrastructure and facilities/ resources to faculty as well as Students.

**Subject:** Appointment as Consultant for Marketing Department

I hope this message finds you in good spirits. It is with great enthusiasm that I extend my heartfelt congratulations on your recent appointment as a consultant for our Marketing Department at SHREE CNC ENGINEERS Pvt. Ltd. Your exceptional expertise and renowned reputation in the field make you an invaluable asset to our team. Your distinguished career as a professor, coupled with your extensive knowledge of marketing strategies and trends, positions you as an ideal candidate for this role. We are honoured to welcome someone of your caliber to help shape the future of our marketing endeavours.

As a consultant, your responsibilities will encompass a variety of tasks, including:

- Conducting thorough analyses of our current marketing strategies and initiatives.
- Offering strategic recommendations to optimize our marketing campaigns for effective audience reach.
- Providing insights into emerging trends and technologies in the marketing landscape to ensure our strategies remain innovative.
- Collaborating closely with our internal marketing team to implement your recommendations and drive tangible results.
- Offering guidance and mentorship to our marketing staff to enhance their skills and capabilities.

We are excited about the opportunity to work closely with you and leverage your expertise to propel our marketing initiatives to new heights. Your insights and guidance will be instrumental in guiding our marketing strategy and ensuring its success.

Warm regards,

Ms. Apurva Jakhadi

Subject: Appointment as Consultant for IT Department

Concerning the personal meeting held at your Institute, I am pleased to communicate that we have appointed you (on behalf of your institute) as a consultant to our IT Department of DrOGKs Renewable Energy Innovations. . You will surely be able to offer insightful advice and helpful insights given your experience in software development as we work to improve our technical procedures and customer services.

As a consultant, your role will encompass a variety of responsibilities, including but not limited to:

- Evaluating our current IT processes to identify possible opportunities for improvement.
- Formulating strategic suggestions to simplify IT processes and boost effectiveness.
- Providing insight on best practices for managing IT resources to get the most out of them.
- Hosting workshops and training events to increase the knowledge of our IT staff. IoT/IIoT etc.
- Develop software and train our staff for online activities.
- Monitoring through the cloud of various project sites spread across the globe.

We think that your support will be essential to accomplishing our company objectives and preserving our competitive advantage in the market.

Your advice will have a long-term effect on our company, and we do not doubt that by working together, we can do amazing things and take our achievements to a very high international level.

With warm regards,

Dear Mr. Sanjay Salve

Dr.Moonje Institute of Management and Computer Studies, Nashik

Subject: Appointment as Consultant for the HR Department

Concerning the personal meeting held at your Institute, I am pleased to communicate that we have appointed you (on behalf of your institute) as a consultant to guide our Human Resources Department at DrOGKs Renewable Energy Innovations. Your insights and guidance will undoubtedly prove invaluable as we strive for excellence in our HR practices.

**As a consultant, your role will encompass a variety of responsibilities, including but not limited to:**

- Evaluating our current HR policies, procedures, and practices to identify areas for improvement.
- Providing strategic recommendations for enhancing our recruitment, retention, and talent management processes.
- Offering guidance on best practices in employee relations, performance management, and organizational development.
- Collaborating with our HR team to implement recommended changes effectively and efficiently.
- Conducting training sessions and workshops to enhance the skills and capabilities of our HR staff.

We are confident that together, we can achieve remarkable success.

With warm regards,

(Prof. Dr. OmPrakash G. Kulkarni)  
Founder and CEO
