*A great Philanthropist
Brave Freedom Fighter
The Pioneer of Military Education in India*

- Our founder Dr. Balkrishna Shivram Moonje a social reformer and a great visionary understood the importance of military education before independence.
- He was a firm believer in Indianisation of Armed Forces and Indispensability of Military Training to Indian youth for building of a strong Nation.
- He was a pioneer of military education in India.
- He believed that unless the Nation becomes militarily strong, it cannot hold its head high amongst other Nations.
- His vision was providing young and able officer to armed forces through rigorous training.
- His Motto for military education was "Power of Knowledge and Knowledge of Power.
- He believed that the responsibility of defending motherland has to be borne by everybody. He believed that Indian should become officers in armed forces.
- With this Vision Kodanddhari Ram is a Centre of our motivation.
- We wish to inculcate values laid down by Prabhu Ram in our students and as a part of this we call our students "Ramdandee" and this land is called as a Rambhoomi.

Central Hindu Military Education Society

ABOUT US...

Our Founder, Dr Balkrishana Shivram Moonje, a social reformer and a great visionary, understood the importance of Military Education before independence. He was a firm believer in Indianisation of armed forces and indispensability of Military Training to Indian youth for building up a strong nation. He was a pioneer of military education in India. He believed that unless the Nation becomes militarily strong, it cannot hold its head high amongst other nations. His vision was to provide young and able officers to arm our Nation. His vision was to provide young and able officers to armed forces through rigorous training. His motto for military education was 'Power of knowledge and knowledge of Power'. He believed that the responsibility of defending motherland has to be borne by everybody.

All the units in C.H.M.E. Society are the logical extension of his thoughts on Military Education. As an educational institution, we impart regular formal education, but the hallmark of our institution is to instill our core values and imbibe the fervour of patriotism, leadership, and discipline in our students.

Apart from this, securing borders and honour of motherland requires able officers as well as strategic thinkers. That is what C.H.M.E. Society does. Strategic thinking is a mindset and it should be developed in the society at large. We cultivate and nurture an attitude in our students to serve the nation. We also create security consciousness in the society. We have gradually evolved a formidable system which imparts preparatory military training. Through this, we inculcate a habit of subordinating self-interest to national interest. We inspire our students to lead and be equipped to face the challenges before the nation and fight for the honour of the country.
