Vision-Mission

Our Motto: "A person having the four Vedas (knowledge) in front (to guide him), a bow and arrows (power) at his back (to back him) has a combination of 'Brahmyam' and 'Kshatram,' and hence he is capable of defeating the enemies either by 'Shap' (Power of Knowledge) or 'Shar' (Knowledge of Power)."

Vision: To impart quality education for developing vibrant business leaders and creating IT professionals of high caliber with Indian values, global vision, and social skills.

Mission: We at DMIMCS are committed to imparting professional education by inculcating three basic values among the students: building national character, providing quality education, and developing management skills.

Core Values:

- Support the mission and vision of the institute.
- Personal and professional integrity.
- Spirit of cooperation and contribution.
- Encourage creativity, innovation, and risk-taking.
- Fulfillment of student and stakeholder expectations.
- Promote continuous improvement.
- Social responsibility.

Quality Policy:

We at CHME Society's Dr. Moonje Institute of Management and Computer Studies are committed to the overall holistic development of all stakeholders of the institute, including students, staff, and society at large.

- To impart quality education with a global vision and Indian values.
- To practice innovative teaching pedagogies.
- To create a conducive learning and research environment.
- To build a strong industry-academia interface.
- To encourage creativity, innovation, and risk-taking.
- To promote continuous improvement.
- To imbibe social skills in students for active contribution towards society.

PREAMBLE

Outcome-Based Education (OBE) is a model that provides a strong scaffold to enhance the quality of the educational system. There are several styles of teaching and assessment in OBE. All educational activities carried out in OBE help the students to achieve the set goals. The faculty may adapt the role of instructor, trainer, facilitator, and/or mentor, based on the outcomes targeted. OBE enhances traditional methods and focuses on what the institution provides to students. It demonstrates success by making or demonstrating outcomes using statements like "able to do" in favor of students. OBE provides clear standards for observable and measurable outcomes.

Expectations of Students' Outcome under OBE

- Students are expected to be able to do more challenging tasks other than memorize and reproduce what was taught.
- Students should be able to write project proposals, complete projects, analyze case studies, give case presentations, show their abilities to think, question, research, and make decisions based on the findings.
- Be more creative, able to analyze and synthesize information.
- Able to plan and organize tasks, able to work in a team as a community or in entrepreneurial service teams to propose solutions to problems and market their solutions.
- Students should be enriched on three-dimensional scales of knowledge, skill, and attitude throughout the course.

Activity/Event Name	Plantation Drive with the concept one student one tree	Year	2019-20
Start Date	8/8/2019	End Date	8/8/2019
Category	Environment/Gender Equality	Objective	To plant trees with the goal of each student planting one tree to promote environmental conservation and awareness.
Programme Educational Objectives (PEOs)	PEO2: Effective Communication and Team Management, PEO3: Value-Centered Indian Leadership	Programme Outcomes (POs)	Leadership and Collaboration, Sustainability Awareness, Ethical Management Practices, Lifelong Learning Skills
OBE GRADUATE ATTRIBUTES	GA1: Managerial competence, GA2: Proficiency in Communication, Collaboration, Teamwork and Leadership, GA10: Professionalism, Ethical, Values Oriented & Socially Responsible behaviour, GA11: Life-Long Learning Orientation	Learning Outcomes	Disciplinary knowledge and skills, Generic skills, Attitudes and values

The Plantation Drive with the Concept "One Student One Tree" took place on August 8, 2019, with the objective of promoting environmental conservation and awareness. Each student participated in planting at least one tree, contributing to the overall goal of enhancing the green cover and sustainability of the environment. The event was aligned with the program's objectives, focusing on effective communication, team management, and value-centered leadership. Participants engaged in collaborative efforts to plant trees, fostering leadership and collaboration skills. They also developed awareness of sustainability practices and ethical responsibilities towards environmental conservation. Through this activity, participants not only acquired practical knowledge and skills related to tree plantation but also internalized values of environmental stewardship and lifelong learning. Overall, the Plantation Drive was successful in achieving its objectives of promoting environmental awareness and instilling a sense of responsibility towards nature among students.
