Internal Assessment Guidelines for Teachers (A.Y. 2022-23)

Vision

To impart Quality Education for developing vibrant Business Leaders and creating I.T Professionals of High calibre with Indian Values, Global Vision and Social Skills.

Mission

We at DMIMCS are committed to impart Professional Education by inculcating three basic values among the students, Building National Character, Quality Education & Developing Management Skills.

Examination Department: Quality Policy Statement

We, at Examination Department of Dr. Moonje Institute of Management and Computer Studies, Nashik are committed to improve the academic results of students through examination practices and continuously strive to get the best of curricular outcomes from our students so as to make them more resourceful and knowledge oriented.

Contents

- I. Introduction
- II. Stages of an assessment
- III. General Guidelines
- IV. Methodology for Conducting Concurrent Evaluation (C.E.)
- V. Concurrent Evaluation (C.E.) Methods
- VI. Safeguards for Credibility of Concurrent Evaluation (C.E.)

I. Introduction:

The content of these guidelines is meant to provide as an overview for teachers and coordinators of the high-quality procedures that Dr. Moonje Institute uses for ensuring that internal assessments for the MBA and MCA are fair and significant. Additionally, it assures improving the standard of evaluation.

II. Stages of an assessment

The Institute employs a number of systems and quality checks to guarantee that the marks issued to students across all subjects and components are accurate, fair, and correct.

An evaluation is quite reliable if a student would gain the same result if they repeated the assessment on different occasions, and if the assessment was marked by different examiners. At every stage of the assessment cycle, the institute makes a considerable effort to ensure that assessments are measuring what they should and that accurate marking standards are applied.

The assessment cycle is a continuous process, whereby each stage is informed by the previous stage and leads into the next stage.

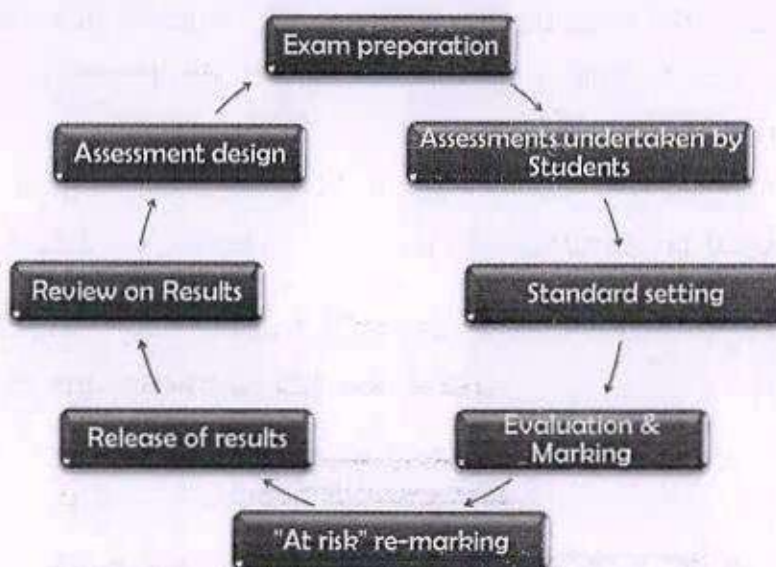

Figure: Internal Assessment cycle

III. General Guidelines

1. The subject teachers have to assess the students as per the guidelines timely provided by Savitribai Phule Pune University applicable curriculum of MBA / MCA.
2. The subject teacher will conduct the Internal assessment as follows;
 - a) The subject teacher needs to submit the Teaching Plan including all the assessment details to the Academic Coordinator.
 - b) The subject teacher needs to communicate the students about details of Concurrent Evaluation (CE) & its Mode, well in advance.
 - c) The subject teacher can communicate to the students through Notice board/DMI Website/DMI SMS/Official WhatsApp group or in the Classroom announcement.
 - d) It is mandatory for the subject teacher to communicate Marks of each CE to the students with necessary feedback for his/her betterment.
 - e) The subject teacher need to satisfy the queries (if any) regarding the evaluation process.
3. The subject teachers will submit the Authenticated record of Mark sheets, Attendance Sheets, Que. papers etc. to the Exam Dept. at the end of each Semester.
4. In the backlog cases, the subject faculties in consultation with the Academic Coordinator will follow the concurrent evaluation and submit the record of backlog students at the end of Semester.

IV. Methodology for Conducting Concurrent Evaluation (C.E.)

- 1) The course teacher shall prepare the scheme of Formative Assessment before commencement of the term. The scheme of Formative Assessment shall explicitly state the linkages of each Formative Assessment Item with the Course Outcomes and define the targeted attainment levels for each CO.
- 2) The Director / Head of the Department / designated academic authority shall approve the scheme of Formative Assessment with or without modifications.
- 3) The course teacher shall display, on the notice board, the approved Formative Assessment scheme of the course and the same shall also be hosted on the website, not later than the first week of the term.
- 4) Each Formative Assessment item shall be of minimum 25 marks.

- 5) For a 3 Credit Course there shall be a MINIMUM of three Formative Assessment items. The final scores shall be converted to 50, using an average or best two out of three formula.
- 6) For 2 Credit Course there shall be a MINIMUM of two Formative Assessment items. The final scores shall be converted to 50.
- 7) For a 1 Credit Course there shall be a MINIMUM of one Formative Assessment item.
- 8) Formative Assessment shall be spread through the duration of course and shall be conceptualized, executed, assessed and documented by the course teacher along with student-wise and class-wise attainment levels of the COs and the attainment levels of the course.
- 9) The assessment outcome of each Formative Assessment shall be duly signed by the course teacher, programme coordinator / academic head and the Director / Head of the Department / designated academic authority of the Institute.
- 10) A copy of the duly signed Formative Assessment outcome shall be displayed on the notice boards, within a week of the assessment and course teachers shall guide the students on a need basis.
- 11) Institute may conduct additional make up / remedial Formative Assessment items at its discretion.
- 12) At the end of the term aggregate Formative Assessment scores / grades shall be calculated and the CO attainment levels shall be calculated by the course teacher. The same shall be displayed on the notice board

V. Concurrent Evaluation (C.E.) Methods

Q.2) Types of Research design :-

There are 4 main types of research design :- 1) Qualitative, 2) Quantitative, 3) Empirical, 4) Systematic.

1) Qualitative Research :- This type of research best on different type of ~~question~~ questions & test. It is based on quality & it is subjective form. we get in-depth details in this ~~research~~ research. It takes long time to complete research.

2) Quantitative :- This type of research conduct on large number of peoples. & it is easy & get answers in objective form. it takes less time as compare to qualitative research.

3) Empirical Research :- This is based on current data. It is ~~true~~ research & easy to conduct.

4) Systematic :- This research conduct systematically & step by step & it gives proper result but it takes long time.

These all type based on 4 functions :-

1) Objectivity :- The research should be objective

2) Reliability :- If the research & experiment constant same when it repeats. Reliability is not valid all time.

3) Validity :- It is the accuracy, perfection & ~~care~~ correctness in the result.

4) Generalization :- The result should be generalize.

* These all are 4 main types of of Research design based on this 4 functions.

a) → Research proposal for promoting electronic vehicles for green & smart pure city.

- 1) here we can go through different types of research
- 2) we can use qualitative research, quantitative research, empirical or systematic research.
- 3) by using quantitative research we can cover large numbers of people
- 4) & we can get result in numbers & objective form
- 5) Quantitative research is very easy & useful. it gives accurate data & result.
- 6) By using qualitative research we get very large amount of data
- 7) This ~~is~~ is very complicated for promoting vehical research.
- 8) It ~~is~~ can takes long time.
- 9) Empirical research gives result based on current market situations.
- 10) & last systematic research is also take long time duration & accuracy is also not true.
- 11) For promoting electronic vehicles the Quantitative research will be best.
